

Volume XX

TABLE OF CONTENTS

Items opening with lower case (small) letter are cross references, with the exception of certain titles which began with an indefinite article

	PAGE
acid-base equilibrium following profound hypothermia - Physiological responses produced by changes in <i>D. K. Brooks</i>	173
airway resistance and alveolar trapping with positive-negative ventilation - Changes in <i>S. Galloon & N. Rosen</i>	429
alveolar trapping with positive-negative ventilation - Some changes in airway resistance and <i>S. Galloon & N. Rosen</i>	429
Anæsthesia for carotid endarterectomy using local brain perfusion and cooling <i>M. Marshall</i>	207
Anæsthesia for obstructed airway (Removal of an unusual foreign body from the laryngo-pharynx) <i>E. B. Lewis</i>	196
Anæsthesia for pharyngolaryngectomy with colonic replacement <i>A. P. Gorham, P. J. F. Blaskett & J. A. Clement</i>	279
ANÆSTHETIC LITERATURE	98, 218, 360, 495
anæsthetic sleep - Mechanisms of <i>L. J. Dunkin</i>	157
apparent skin colour of unconscious patients in relation to the source of illumination. The <i>B. R. P. Murray & H. P. B. Whitty</i>	123
arrhythmias with halothane - Propanolol and ventricular <i>J. Hellewell & M. W. Potts</i>	269
Artificial respiration after cardiac surgery (Some physiological considerations) <i>G. L. Zeitlin</i>	145
assessment of liver function - The <i>R. Williams</i>	3
ASSOCIATION NEWS	111, 235, 380, 517
atropine on the pulse - The effect of <i>E. T. Thomas</i>	340
BECKETT, A. H., BOYES, R. N. and PARKER, J. B. R. Determination of lignocaine in blood and urine in human subjects undergoing local analgesic procedures	294
Bilateral thoracotomy and the Carlens tube. (A case report) <i>J. D. Hill</i>	468
BIRT, R. C. The effects of the addition of oxygen to various emergency inflating devices	323
BIRT, R. C. and BOULTON, T. B. Post-operative jaundice (A case history)	79
BIRT, C. and COLE, P. Some physiological effects of closed circuit halothane anaesthesia	258
BLASKETT, P. J. F., CLEMENT, J. A. and GORHAM, A. P. Anæsthesia for pharyngolaryngectomy with colonic replacement	279
BOOK REVIEWS	
Anæsthesia and the circulation <i>edited by L. Fabian</i>	229
Anæsthetic techniques for obstetrical anaesthesia and analgesia <i>D. C. Moore</i>	229
L'arret circulatoire <i>R. Courbier & J. Torresani</i>	231
biology of respiration - The <i>Sir V. Negus</i>	513
Cardiac arrest and resuscitation <i>H. E. Stephenson Jnr</i>	230
Curare - its history and usage <i>K. Bryn Thomas</i>	107
Drugs in anaesthetic practice <i>F. G. Wood-Smith & H. C. Stewart</i>	231
Effects of anaesthetics on the circulation <i>edited by H. Price & P. J. Cohen</i>	107
Essential anatomy <i>J. S. P. Lumley, J. L. Craven & J. T. Aitken</i>	231
Hyperbaric oxygenation <i>edited by I. McA. Ledingham</i>	511
Instrumentation and anaesthesia <i>edited by W. H. L. Dornette</i>	108
Local anaesthetics as anticonvulsants <i>C. G. Bernhard & E. Bohm</i>	511
Narcotics and narcotic antagonists <i>F. E. Fouldes, M. Swerdlow & E. S. Siker</i>	232
Neuroleptanalgesia <i>edited by N. W. Shephard</i>	512
Neurosurgical anaesthesia <i>A. R. Hunter</i>	369
nurse's guide to anaesthetics, resuscitation and intensive care - A <i>W. Norris & D. Campbell</i>	511
Physiology and biophysics of the circulation <i>A. C. Burton</i>	512
